As the Government had to incur heavy expenditure in buying a house for the Students' Home at Shemoga, it is doubtful if the saving effected out of the provision made for House rent could fairly be utilized for increasing the establishment in the manner proposed by the Inspector General. The demand for labor on account of the Manganese industry is only temporary & this cannot be adduced as a sufficient ground for increasing the salaries of the servants as a permanent measure.

Under the present rules the cost of Establishment and building for the Students' Homes are borne by Govt, the other charges being met from Boarding fees. As Students Homes are treated as Grant in aid institutions, the members of the Establishments of these Homes are not Govt Servants and are not therefore entitled to pension. In the case of the Central College Students' Hostel, the Superintendent has been specially treated as a Govt Servant

~~It is therefore~~ The increase in Establishment does not necessitate an increase in the boarding fees

The present Scale of Estt involves Rs. 42 per mensem and the one proposed, Rs 57 per mensem

The manager, whose allowance is proposed to be raised from Rs 10 to Rs 12 is probably one of the teachers of the High School. The other employees are 3 Brahmins 2 peons + one Scavenger The wages of these men do not necessarily rise with the manganese activity The demand for these men can not be in excess of the Supply The plea adduced by the D Ly can as well be adduced by every other officer in Shimoga + does not justify the grant of the increased pay to these men.
